3. Numerous items remain undisposed of pending orders from the Deputy Commissioner's Office. The Potagi amount due to Patels and Shanbhogs have been in deposit in some cases from the year 1888-89. The cause is not explained. There is no necessity for keeping such amounts in deposit at all. They should be credited to Government at once, and disbursements made anew when the claim is established.

4. In the future statements, the total amount of deposit at each Treasury should invariably be given and the cause of delay explained fully. Such remarks as "will be adjusted," "pending orders," "pending attendance" are of little use.

5. The lists of deposits in the Kolar and Mysore Districts should be submitted early, with explanation for the long delay that has occurred in submitting them.

REVENUE-FOREST.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue-Forest),—dated 28th November 1892.

READ :—

Letter No. 1509—122 of 18th August 1892, from the Inspector General of Forests in Mysore, proposing certain additions and alterations to the sale rules of timber and sandalwood.

No. 7943-52—R. F. 155-92, DATED, BANGALORE, 28TH NOVEMBER 1892.

ORDER THEREON.—In the letter read above, the Inspector General of Forests proposes to add a new para to the rules for the sale of timber, &c., empowering the Forest Officers, as an experimental measure, to receive the 25 per cent deposit when the purchase money is within Rs. 100 and the place of sale far from Taluk Head-quarters, and recommends a reduction in the wood-yard rent by charging 12 per cent per annum on the amount of purchase money, in lieu of 8 annas per log per mensem as laid down in para 7 of the sale rules, this latter rate being heavy and cause of general complaint. The Inspector General also proposes to modify the rules regarding time for removal of timber and sandalwood by fixing it for six months, beyond which time the timber or sandalwood is liable to be sold by public auction for recovery of rent and cost, after giving due publicity of the sale.

2. Government are not willing to empower Forest Officers to receive any money, and the present rules do not seem to cause practical inconvenience. The other modifications including that regarding reduction of koti rent for inferior sorts such as milwa chilta and white chips, &c., in the rules for the sale of sandalwood, are approved.

3. The rules proposed by the Inspector General, modified in the above sense, will be published in the *Mysore Gazette*.

REVENUE—FOREST.

Notification.

No. 7953—R. F. 155-92, DATED 29TH NOVEMBER 1892.

In supersession of all existing rules on the subject, the following revised rules for the sale of timber and bamboos by public auction have been approved by His Highness the Maharaja's Government and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place, and if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eight day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests, failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full and until a "license to remove," shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of wood-yard rent; but if left in the wood-yard longer than 90 days from date of sale, shall be charged with wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos.

V.—Licenses to remove.

8. No wood can be removed from the wood-yard till a "license to remove timber and bamboos" signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

By Order,

T. ANANDA ROW,
Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue-Forest),—dated 28th November 1892.

Notification.

No. 7954—R. F. 155-92, DATED 29TH NOVEMBER 1892.

In supersession of all existing rules on the subject, the following revised rules for the sale of sandalwood by public auction in Mysore have been approved by His Highness the Maharaja's Government and are published for general information :—

I. Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II. Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as a deposit into the Taluk Treasury at the place, and if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale. Failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury.

III. Weighing out and Delivery of Wood.

6. The Forest Officer or in his absence any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and thus weighing out of the wood sold in each Koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes, shall be borne entirely by the purchaser who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the Koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "license to remove" shall have been obtained from the Forest Officer.

IV. Koti Rent.

8. **Wood weighed out, stamped and paid for under the preceding sections, may be removed at any time within 90 days from date of sale without payment of Koti rent. Such wood, if left in the Kotis for more than 90 days from date of sale, shall be charged with Koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts such as milwa chilta and white chips. If the**

wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood.

V. Licenses to remove.

9. No wood can be removed from the Koti till a "license to remove sandalwood" signed by the Forest Officer in charge shall have been obtained ; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void and extension of time shall not be granted, except on the ground of special and, cogent reasons and under Deputy Commissioner's orders.

VI. General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

By Order,

T. ANANDA ROW,
Chief Secretary.

LOCAL BOARDS BRANCH—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 1st November 1892.

READ:—

Letter from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, To the Chief Secretary to the Government of Mysore, No. 3043, dated 13th September 1892.

With reference to Proceedings of Government No 3152-½—L. F. 84-92 dated 29th August 1892, forwarding a printed copy of Proceedings of the Bangalore City Rate Payers' Association of 7th idem for inquiry and report, I have the honor to state as follows:—

2. As regards the charges referred to in para I and II that conversion to Roman Catholicism have been effected in the hospital, and that for this purpose advantage is taken of the weak mental and bodily condition of patients in a precarious state of health, I have made careful inquiry and have satisfied myself that no such thing has happened in the case of any non-christian patient, whether Hindu, Muhammadan or other sect.

3. There was some considerable time since a native man admitted as an in-patient who was originally a Roman Catholic, but who subsequently joined the Wesleyan Community, and who belonged to the Wesleyan Communion at the time of his admission. After a moderate stay in the hospital this patient was attacked with dysentery from which he afterwards died. During his last illness, and whilst in full possession of his senses, he wished to revert to Roman Catholicism, and at his express desire a clergyman of that persuation was sent for to attend him, and he died a Roman Catholic.

4. This case gained considerable publicity at the time, as the head of Wesleyan Mission, the Revd. Mr. Hudson, wrote a long letter to one of the local papers making charges against the management of the hospital similar to those now made by Rate Payers' Association, and possibly it is this very case the latter base their charge upon. The Revd. Mr. Hocken, Mr. Hudson's successor, came afterwards to St. Martha's Hospital and met me by appointment there for the purpose of enquiring into the matter, and I understood him to have convinced that no improper influence was brought to bear on the man in question to induce him to revert to Roman Catholicism.

5. This patient was allowed the right, which every patient in an hospital has, and in my belief gets, to do anything he pleases regarding religious matters, and had the condition of things been reversed in the man's case as regards religious matters. Equal facilities would have been afforded him of seeing a Wesleyan clergyman.

6. The members of the Rate Payers' Association are apparently under the belief that to make an adult a Roman Catholic there is nothing more to do than administer the sacrament of baptism without much or perhaps any previous preparation, and that persons in a precarious state of health may be converted in this way, or even persons in a moribund condition.

7. This is not my belief, and I am authoritatively informed that it is not the case. An adult to be admitted into the Roman Catholic Church must be in his perfect senses, must be fully aware of the gravity of the step he is taking, must be desirous of becoming a Roman Catholic, must have received instruction in, and must understand, the Christian doctrine and the tenets of the Church, before he can be so admitted, and if this be so, how can a person be furtively surreptitiously, and hastily converted to Roman Catholicism? A conversion said to be made under these latter circumstances is no conversion at all, and if the Roman Catholic clergymen know this, which they do, what object would they have in doing it?

8. As regards the incident referred to in para 3. The circumstances were as follow:—an orphan girl was brought to the hospital from the Convent on the 5th of July, suffering from diarrhœa which turned out to be cholera. I am

informed that the Convent authorities did not know the girl was suffering from cholera when she was sent to the hospital. On arrival at the hospital she was admitted to the general female Native ward by a servant and when the Hospital Assistant on duty was summoned he found the patient in bed in a collapsed state, all but pulseless, and in such a condition that he did not think she could with any approach to safety be removed to the cholera shed near the Railway Station a couple of miles off. Under these circumstances, and as there is no special ward for infectious diseases connected with the hospital, she was left in the general ward. She rallied, and there were hopes of her recovery but she eventually sank from exhaustion on the 10th idem five days after admission.

9. All practicable precautionary measures were adopted in this girl's case to prevent the spread of the disease.

10. The statement is incorrect, that four patients in that ward died immediately after. No patient in that ward suffered, even though there were patients in it during the time, but one patient in the next ward, and two in the next but one got cholera and died, and these had no direct communication with the ward occupied by the orphan girl, except through the medium of nurses or servants, and none of these latter suffered, so that it is perfectly possible the three who died in the other wards may have contracted the disease in some other way than from the orphan girl. Any how the whole thing was an accidental occurrence which it was scarcely possible to provide for in anticipation or in any other way than what was done, as had the girl been refused admission and sent on to the cholera hospital near the Railway Station she most probably would have died on the way.

11. As regards the complaint that I did not reply to the written representation of the Honorary Secretary of the Rate Payers' Association, I would state that no discourtesy was intended. Had any of the members of the Association come to the hospital, I would have given them any information in my power which they may have asked for, but I declined to answer questions written with an air of authority, which I do not believe they possess, asking for explanation regarding things which occurred in the hospital.

12. As regards the statement of Mr. Puttanna, the Matron at the Maternity states positively that no such application as that averred by Mr. Puttanna was ever made to her, that she was never asked for a stretcher, and never refused it, but that six or seven months ago the Native midwife at the Maternity on hearing that a woman had given birth to a child on the road proceeded to the place and brought the woman and child to the Maternity in a cart, where they both did well. Mr. Lakshmansami, Assistant Surgeon, states that several months ago Mr. Puttanna asked him for a stretcher for the purpose of conveying a woman who had given birth to a child on the road to the Maternity, and he ordered the stretcher to be given, but he has no knowledge of the woman being taken to St. Martha's Hospital, and is not aware of any such patient receiving accommodation there, and such could not have occurred without his knowledge.

13. With regard to Mr. Puttanna's statement that the nuns refused to make up prescriptions, on the ground that there was no stock of medicines, I would observe that the nuns have nothing whatever to do with the making up of prescriptions themselves, and both they and the Hospital Assistants state that no such thing happened as that stated by Mr. Puttanna.

14. There are other small matters mentioned in the Proceedings of the Rate Payers' Association which I do not think necessary to refer to, as Government have asked no questions regarding them.

15. I enclose herewith a statement showing the names and castes of the servants at St. Martha's Hospital.

16. The arrangements as regards segregation and servants for Brahmins and other high caste persons are not as satisfactory as I would wish. The plan of the hospital is faulty, as the wards are few and large, and it is consequently impracticable to allot separate wards to different castes, and there remain only two small end wards for this class of patients, each of which is only capable of accommodating one or at the very most two, and as regards food if a Brahmin in-patient has relatives with him he is given money allowance to purchase food which the latter cook, or if there are no relatives or friends to do this, his food is obtained from Brahmin hotels in the Petta.

READ:—

Letter from the Comptroller, dated 26th May 1892, No. 1153, submitting the report of the Auditor deputed to Scrutinize the accounts of the Mysore City Municipality for 1889-90.

No. 6384-96—L. F. 106-92, DATED BANGALORE, 7TH NOVEMBER 1892.

ORDER THEREON.—The report read above discloses grave irregularities but they will not be noticed here, as they have been already dealt with in the reviews of the reports of the previous years and the system of audit has been changed. Government however wish to draw the particular attention of the President to the irregularity of not remitting to the Treasury moneys received immediately on their receipt. In one case the Mohatarfa collections received in December 1889 were not remitted to the Treasury till July 1890. This is highly irregular and the President should take care that such irregularities do not recur.

2. The President of the Committee appointed for revising the Municipal Registers will be requested to expedite his report and submit it before the end of the current Calendar year at the latest.

3. The subjoined table shows the receipts and expenditure during 1889-90 as reported by the President compared with the figures furnished by the Comptroller:—

	Total including Balance.....	90,540	90,430		Grand Total.....	90,540	90,430

*The President has given Rs. 18,937—0—4 as the balance, but the correct balance is now entered.

4. On the examination of the Cash Book kept by the Municipality, the Auditor finds that a sum of Rs. 35—5—8, entered in Statement C, was neither remitted to the Treasury nor credited in the Cash Book and included in the above statement under receipts. The President is requested to report at once what has become of the money, why it was not brought to account and who is responsible for it.

5. In the case of items 1 and 2 of Statement E of receipts from the sale proceeds of portions of and materials of houses, sale lists were not produced. The President is requested to enquire and report whether the sums credited in the accounts represent the entire collections and take notice of the loss of the auction lists.

6. From the collections received, items 5 and 6 entered in the Auditor's Statement E, amounting to Rs. 22—8—0 and Rs. 8 respectively, were deducted as refunds in the months of September and December 1889 and the remainder only remitted to the Treasury. No bill of refund is forthcoming for the sum of Rs. 22—8—0 and the bill for the other amount does not contain the order of the Vice-President nor is the date when the amount was originally received shown. The amounts should now be credited to receipts and debited to refunds and duly accounted for.

7. It should be explained why only Rs. 2—8—0 (*vide* Item 7 in Statement E) were recovered as license fee on a brick kiln containing 50,000 bricks instead of Rs. 5 under Notification No. 165, dated 5th June 1889, and whether the balance has been since recovered from the party responsible for the amount.

8. Materials of Kesavachar's house in the Fort (*vide* Item 13 in Statement E) were sold for Rs. 372—10—0, of which Rs. 66 were paid as compensation to Mr. Lingaraj Ars and the balance Rs. 306—10—0 remitted to the Treasury as a Revenue deposit. The authority for payment is not produced. The President is requested to explain why a portion of the sale proceeds of materials of one house is paid to the owner of another house and only the balance remitted to the Treasury as a Revenue deposit. As has been pointed out in the previous reviews, the deductions of compensation from receipts is irregular. In the future, the whole compensation must appear on the debit side, the entire receipts appearing on the credit side of the account.

9. From the account furnished by the late Manager Tippaiya, various sums pertaining to the City Extension Fund, &c., amounting to Rs. 9,519—9—11 appear to have been spent for various purposes without their being brought to account (*vide* Statement K appended to the Auditor's report). The President is requested to explain how the money in the case of each of the items was originally obtained and spent and whether it has been since accounted for, and if so when and in what manner. The Municipality should not in future spend a single rupee without first bringing it under receipts and remitting it to the Treasury. If there are any Special Funds, such as the "City Extension Fund," "Viceroy's Reception Fund," &c., both the receipts and disbursements under these heads should be credited and debited to a special head under "Municipal receipts and expenses," so that they may not be mixed up with the general revenues and expenditure of the Municipality. Any balances still remaining on hand with the Municipality on account of such Funds should be *at once* remitted to the Treasury and accounted for in due course, separate statements being forwarded without delay of the receipts and expenditure under each of these heads from the commencement up to the date on which the balances are remitted to the Treasury. The fact of the remittance of the balances to the Treasury and their having been duly credited in the accounts should be reported within a week after the receipt of this order. If in future any money received is spent without first bringing it into account, the officer spending it should not only be held personally responsible for it, but dismissed from service forthwith.

These statements must be prepared and submitted within 2 months from this date and if the City Amildar fails to furnish the information within the 30th of December 1892, he must be suspended and the fact reported to Government. The Amildar should be held responsible for the accuracy of the statement. 3. It is observed that the correct total of the details of receipts and expenditure of the Tumkur Municipality and of expenditure of the Kadaba Municipality amounts to Rs. 1,088, Rs. 1,364 and 91, respectively and not Rs. 709, Rs. 1,462 and 101, as erroneously entered in the Budgets submitted by the Deputy Commissioner. Such mistakes are discreditable to the office of the Deputy Commissioner and should in the future be carefully guarded against.

4. The estimated receipts and expenditure of the several Municipalities of the Tumkur District for the last 3 months of the year 1891-92 ending 30th June 1892 will stand as shown in the accompanying appendices, of which the following is the abstract:—

Correspondence ending with letter, dated 5th October 1892, No. 108—7, explaining the circumstances under which Messrs. Chikmasuti Hayath Sab and Maralappan Rudrappa were removed by the Tarikere and Birur Municipa Boards.

No. 6619—L. F. 125-92, DATED BANGALORE, 16TH NOVEMBER 1892.

ORDER THEREON.—It appears from the above correspondence that Mr. Hayath Sab was removed from his membership on the Tarikere Municipal Board by a resolution of the Tarikere Municipality, dated 26th January 1892, on the ground of his conviction in a riot case and that Mr. Rudrappa's membership in the Birur Municipality was ignored by the latter after his conviction for rioting on the 18th July 1890. Both these members having been duly appointed by Government and their appointments notified in the Gazette of the 17th January 1891, the Municipality had no power to remove them or ignore their status without the sanction of Government. Moreover, their conviction was reversed on appeal. Under these circumstances, the President is requested to treat Messrs. Hayath Sab and Rudrappa as members of their respective Municipalities.

ORDER.—Government observe that the officers in charge of the marginally noted Sub-Divisions have no status in the Municipal Boards within their Sub-Divisions. At present the Deputy Commissioner is the President of all the Municipalities in his District and the Amildar of the Taluk in which a Municipality is situate is its Vice-President. This is an anomalous and unsatisfactory state of things. Government therefore direct that in the future the Sub-Division Officers also be Vice-Presidents of the Municipalities situate within their charges. They may preside at the Municipal Meetings when they happen to be present, the President being absent and pass such orders as they may find necessary subject to the control of the Deputy Commissioner, who by virtue of his office is the President of all the Municipalities.

2. With reference to the suggestion made in the Proceedings under reference for the reduction of charges amounting to Rs. *988 of the Hiriyur Municipality, the Deputy Commissioner reports that the existing conservancy and other establishments are also absolutely required for the efficient conservancy of the town and that the charges cannot be reduced. He therefore recommends that the Municipality may be relieved of the cost of the local Dispensary amounting to Rs. 163 as was done in the case of Challakere Municipality. As the Municipality is too poor to bear this charge, Government are pleased to direct that the entire cost of the Dispensary should be debited to the District Fund of the Chitaldroog District for 1892-93.

Correspondence ending with letter dated 5th November 1892, from the Lady Superior of the Convent of the Good Shepherd, Bangalore, to the Dewan of Mysore, (Dewan's Office Camp Registered No. 80) regarding St. Martha's Hospital.

CAMP NO. 228—32, DATED MYSORE, 26TH NOVEMBER 1892.

ORDER THEREON.—By orders contained in Proceedings No. 2886-8, dated 14th August 1887, the Petta Dispensary and Hospital at Bangalore then maintained by Government was amalgamated with St. Martha's Hospital under terms previously agreed upon and recorded in Proceedings No. 6319-22, dated 23rd March 1887. Thereupon the Government Medical Officers attached to the Petta Hospital and Dispensary were transferred to St. Martha's Hospital, and a supply of medicines from the Government Medical Stores up to a limit of Rs. 500 in value per annum was sanctioned for St. Martha's Hospital in addition to the Municipal grant of Rs. 200 and the State grant of Rs. 100 per mensem and a loan of Government instruments.

2. The arrangement however has not been working satisfactorily whether to the Medical Officers of the Government, the Committee appointed for the general administration of the Institution, or to the Lady Superior of the Convent of the Good Shepherd who started it.

3. The demands on the Institution have also been increasing, and as the authorities of the Convent have not been able to meet them, the Senior Surgeon has had to recommend further grants.

4. Under such circumstances, a revision of the existing arrangements is desired on all sides, and the Lady Superior herself asks that Government may dissociate itself from St. Martha's and enable her to maintain the institution on its former footing by continuing the grants which it received before the amalgamation. The Lady Superior proposes also to establish an Eye-Infirmary under a Specialist, and asks for some further help on this score.

5. After careful consideration of the subject, Government resolve to direct the cancellation of the amalgamation and a restoration of the *status quo ante*. The Senior Surgeon will take steps to give effect to this at once. The old Dispensary buildings and the District Lock-up should be adopted, as proposed in the Senior Surgeon's letter No. 1343, dated 3rd October 1888, for in-patients generally and so as to provide Hospital accommodation for Barr, Silahdar and Police, pending the construction of a suitable General Hospital on an approved scale, for which the Chief Engineer will at once prepare the necessary plans and estimates.

6. To obviate public inconvenience which would otherwise ensue by a sudden withdrawal of Government medical aid, Government will continue to St. Martha's the grants which that institution is now receiving, *viz.*, * Rs. 300 per mensem, together with an additional grant of Rs. 100 for an Ophthalmic ward under the supervision of a Specialist whom the Lady Superior proposes to engage. This total monthly grant of Rs. 400 will be continued for 2 years certain and till the Government Hospital building is ready. After that, the grant will be reduced to the Municipal grant of Rs. 200 per mensem which St. Martha's was getting before the amalgamation in 1887, and a further Government grant of Rs. 100 per mensem for an Eye-Infirmary under a Specialist. The conditions on which these grants will be continued will be the usual conditions of a grant-in-aid to a Medical Institution and are—

* 200 Municipal.
100 State.
300 Total.

(1) Medical relief shall be given to all who seek for it without distinction of caste or creed and *throughout the day*.

(2) Periodical statistical and other returns as may be prescribed by the Senior Surgeon, shall be furnished.

(3) The Institution shall be open to periodical inspection of Medical and other Officers of the Mysore Government who may be appointed for the purpose.

(4) The Medical relief afforded shall be efficient, including treatment of diseases of the Eye by a Specialist, admission thereto being on purely non-religious and non-sectarian basis. As the Hospital is intended to receive patients and convalescents of every rank and creed, the customs and prejudices of caste and religion shall be respected, provided that nothing should be done that may give offence to invalids of a different creed.

7. Government understand that these conditions are acceptable to the Lady Superior. The Senior Surgeon will arrange to give effect to these arrangements from the 15th January 1893 or such other date as the Senior Surgeon and the Lady Superior may agree in considering as more convenient.

8. Separate orders will be issued regarding Government buildings on the grounds attached to the Hospital.

1 Second Class on Rs. 1,000.
1 Third Class on Rs. 700 rising to Rs. 800.

3. The orders of 1st November 1891 reserved for the future consideration of the Government, the question whether the Officers holding the above appointments should have the salaries attached to them at once, or whether they should attain to such salaries by annual increments or otherwise. A decision upon this question is now necessary. Having regard to the fact that promotion in the case of every individual Officer concerned has been unusually rapid during the past few years, His Highness the Maharaja has been pleased to decide as follows :—

Deputy Commissioner, Mr. Rangaswamaiengar,
Do Mr. Parnaiya,
District Judge Mr. Narahari Row. } Each on Rs. 1,000 since 1st September 1890, to get Rs. 1,100 from 1st September 1892, and thereafter to attain to Rs. 1,200 (the salary of the 1st Class Deputy Commissioner or District Judge) by annual increments of Rs. 50.

4. The above orders dispose of the vacancies in the higher classes which came into existence owing to the adoption of the revised scale of 1st November 1891.

5. A temporary vacancy in the 1st Class of Deputy Commissioner has occurred since 16th May 1892, by the appointment of Mr. Madhava Rao as Inspector General of Police. Mr. T. Ananda Row (Chief Secretary) who is included among Deputy Commissioners in the revised scale of 1st November 1891, and who is the most senior among present Deputy Commissioners is appointed to this vacancy with effect from 16th May 1892.

6. In the orders of 1st November 1891, the salary of a Deputy Commissioner or District Judge of the last Class is entered as "Rs. 700 rising to Rs. 800." This should be understood to mean that, as a general rule, an Officer must begin on Rs. 700 and rise to Rs. 800, after a year's satisfactory service.

7. All future promotions to a Deputy Commissioner or District Judge of the 2nd or 1st Class will be according to vacancies.

8. Sub-Judges of the 2nd Class whose salary according to scale is "Rs. 400 rising to Rs. 500," shall, unless otherwise ordered, begin on Rs. 400 and rise to Rs. 500 by biennial increments of Rs. 50.

Letter from the Deputy Commissioner of Tumkur, dated 22nd September 1892, No. 342.

No. D. 645, DATED CAMP MYSORE, 4TH NOVEMBER 1892.

ORDER THEREON.—Under the circumstances stated, the Government are pleased to remit the Hulbanni tax for 1891-92 in all the Taluks which suffered the most from drought in the Districts of Tumkur, Chitaldroog, Kolar and Bangalore and in the French Rocks Sub-Division of the Mysore District. A portion of the tax appears to have been already collected, and in such cases it has to be refunded, but as a refund in cash will be inconvenient and may also lead to abuses, Deputy Commissioners are requested to grant it by way of remission in the patta beriz 1892-93. A statement should be carefully prepared showing (1) the hulbanni tax payable by each raiyat according to the distribution made among the raiyats, care being taken to see that the total does not exceed the amount charged by Government, (2) the amount already paid by the raiyat and (3) the amount still due. Then, the last mentioned amount, *i. e.*, the balance still due should be shown in the patta for 1892-93 as arrear due, if it is not already included in his arrear demand, and then the whole amount of the hulbanni tax (Col. 1) charged for 1891-92 deducted as a remission. The remission should go to reduce the arrear demand of 1891-92, but where the raiyat has no such arrear to pay (such cases would be few), the remission may be deducted from the demand of 1892-93. The amount so deducted from the demand of 1891-92 and 1892-93 respectively should be shown in the Revenue Report of 1892-93 under two distinct heads, so that it may be seen how far the reduction of the demand for 1892-93 is due to the drought of 1891-92.

PART I.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

NOVEMBER 1892.

Appeal No. 143 of 1891-92.

Appellant .. M. Papa Naidu of Bangalore.

Petitioner's complaints are two, namely, (1) that the assessment of lands Nos. 17 to 22 in Channigapura, Anekal Taluk, (acres 32·24) which formerly bore Rs. 23—6—10, was improperly raised by the Survey Department to Rs. 48, and (2) that the numbers noted in the margin consisting of 127 acres which were formerly held by him on Hulkaval assessment of Rs. 10—10—6 were excluded from his holding and treated as kharab during the Survey 1891. He requests that the assessment of the first set of lands may be reduced to Re. 0—8—0 an acre, and that the Hulkaval lands may be made over to him at 2 annas an acre.

Nos. 16, 17, 18 (part), 19, 20, 22, 23, 24 (part), 28, 29—34.

2. Petitioner has not assigned any adequate reason for reducing the assessment on Nos. 17 to 22, and his prayer is therefore rejected. As regards the Hulkaval lands, which are now annually sold for grazing purposes, the Government consider that some consideration is due to Petitioner, as he is stated to have been in possession of those lands for upwards of 30 years. He cannot of course be allowed to hold the lands on Hulkaval assessment, but a moderate dry assessment may be charged and they may be made over to him if he is willing to take them on that assessment. The Superintendent of Revenue Survey will accordingly be requested to impose a moderate assessment on the land and offer the same to Petitioner.

Appeal No. 1103 } of 1891-92.

Appellant .. Kuppaiya of Chattanhalli, Gubbi Taluk.

Petitioner had 2 ballas of land assessed at Re. 0—2—4 which was included in the village site as kharab in 1882-83. No compensation was given to him. Subsequently in September 1889, it was sold in a public auction as house site, and it was purchased by one Shanbhog Subba Rao for Rs. 33. Petitioner protested against the sale and claimed the land, but his claim was rejected and the sale confirmed in November 1890. Petitioner immediately applied for a copy of the order, but it was not given to him till August 1891.

2. Petitioner claims the land on the ground that it was formerly held by him, but taken away from him without compensation.

3. The Government consider that the sale of the land to a stranger was irregular. It is therefore cancelled. The land should be made over to Petitioner on his paying Rs. 12 to Subba Rao for the interest of money paid by him, and Rs. 5 to Government which is twenty-five times the assessment *plus* the assessment of past years up to date. The sum of Rs. 33 paid by Subba Rao may be refunded to him.

Nos. 8, 12 and 21 were given out to certain raiyats for cultivation in 1884-85. Petitioner complains that the cultivation of these lands prevents the flow of water of his Bolakeri Tank and requests that the Pattas granted may be cancelled. The Deputy Commissioner states, that "the grant of these lands has, it is reported, been attended with the silting up of the Bolakeri Tank and a source of difficulty for the cultivation of the lands below" but he does not state how it is calculated to silt up the tank, and what the area irrigated under the Bolakeri Tank is. The Deputy Commissioner is requested to cause the locality to be inspected by a competent officer and report more fully on the subject. If the owners are not willing to relinquish the lands, the Deputy Commissioner is requested to report what compensation is likely to be required in the event of their being taken up under the Land Acquisition Act.

2. Another complaint of the Petitioner and other villagers is that the Gomal land (75 acres) for the village is inadequate as they have 1,028 cattle, and they request that Nos. 162, 200 and 201 may be granted to them as Gomal. As all these lands are now held on Patta and the owners are not willing to give them up, the Deputy Commissioner recommends that waste numbers 38, 7, 77, 78, 81, 82, 93, 104 and 116 consisting of an area of 152 acres at 106 rupees may be added to the Gomal. The Government are not disposed to grant assessed lands as Gomal, but till there is an application for their cultivation, they may be made over to the villagers for grazing purposes free of any Hulbanni tax.

No. 6439—P. F. 202, DATED 7TH NOVEMBER 1892.

Petition No. 769 of 1890-91.

Appellant.		*Respondent.*
Venkannaiya, Shanbhog of Jodi village Hadonahalli, Kunigal Taluk, Tumkur District.	*Vs.*	Ramaswamaiengar, Jodidar.

In March 1889, Respondent applied to the Amildar for permission to appoint a Shanbhog for his Jodi village. In this application he made no mention whether his village had or had not any Shanbhog. This application was submitted by the Amildar for orders of the Deputy Commissioner Mr. Krishnamurti, who accorded the permission, remarking that the village had no Shanbhog for a long time. Then the Appellant presented a petition stating that he was the Hakdar Shanbhog and that the appointment of a stranger was irregular. An enquiry was held into the matter, and the Deputy Commissioner Mr. Cress while remarking that "all that was made out is that this official was extremely insolent on one occasion and is on the whole more or less careless and neglectful" and that "it would have been sufficient to suspend the offending Shanbhog for a period of time as a warning to him to behave with becoming respect to his master," dismissed the petition on the ground that it was not open for him to revise the order of his predecessor. This order is dated 27th February 1890 and the appeal is against this.

2. The earliest Register available, that is, the Register of 1847, shows that Appellant's uncle and adoptive father was the Shanbhog of the village and there is nothing to show that he was a nominee of the Jodidar. This village became inam in

1826, and it was purchased by the Respondent in 1884, it having been in his possession on mortgage since 1866. The enquiry held by the Amildar shows that the Appellant was now and then preparing some accounts relating to the village, though owing to the misunderstanding between him and the Jodidars, the latter often employed their own Gumastas for the discharge of the work connected with collections, &c. There is no specific charge of embezzlement or misappropriation against the Appellant, such as would justify his dismissal from service, and the only serious charge made against him is that in an account of 1886, which the Appellant prepared, he entered two cultivated fields as waste, but no loss appears to have accrued to the Jodidar in consequence of such an entry, as those lands were under Batayi cultivation.

3. The Government therefore agree with Mr. Cress that there is not sufficient ground for dismissing the Petitioner from his hereditary office, but as it is necessary that he should learn that it is his duty to obey his master and do duties to his satisfaction, and as there is abundance of evidence that he was acting in an insolent manner and defying the authority of the Jodidar, the Government deem it expedient that he should remain under suspension for a further period of one year from this date, and order the same accordingly. He may be restored to office at the end of one year with a warning.

4. Petitioner has no Inam lands and depends apparently upon only the 'Miras' he expects to get from his raiyats, but this does not make the office less hereditary as contended by the Respondent.

Petitioner complains that a fine was ordered to be collected from him on a charge of his having evaded payment of Octroi duty on a certain quantity of ghee said to have been imported by him, but that he never actually imported the ghee.

2. A notice was issued calling upon the Petitioner to appear and prove his statement, but the notice was returned unserved as his whereabouts are not known.

3. The petition will therefore be struck off the file.

One Manchegauda, a Pattadar, died in 1889, leaving Respondent, a son by a married wife, and the Appellant a son by *Kuduvali* wife. The Jamabandi Officer ordered the Patta lands of the deceased to be registered in the name of the Respondent.

2. The Appellant complains against this order and states that the Respondent left the family long ago and that the Patta lands are in his possession, and, therefore, requests that the Patta may be issued in his name.

3. There is nothing to show that the Respondent divided from the family, and he being the *primâ facie* heir of the deceased, the order of the Jamabandi Officer is correct and is hereby confirmed. The possession of the Appellant, however, should not be interfered with. The Respondent must recover it by an action in the Civil Court.

4. The Appellant's Advocate requested that Appellant's name may at least be jointly registered along with that of the Respondent. This request cannot be complied with, as, whether a son by a Kudige wife is a legitimate son or not is a question which has to be decided by a Court of Law.

Shanbhog Manjappa, the husband of the Appellant and the 1st Respondent, died in May 1890, and the 1st Respondent, who is his elder widow, adopted a boy named Sitaramaiya in April 1891. The Deputy Commissioner ordered the office of Shanbhog to be registered in the name of the adopted son. The Appellant states that the adoption did not take place, and that the office should therefore be registered in her name and that of the 1st Respondent.

2. The Government observe that the alleged adoption took place nearly a year after the death of the deceased Shanbhog, and there is no evidence whatever either that the adoption took place, or that the 1st Respondent had authority to adopt a son. The Deputy Commissioner will, therefore, be requested to register the office in the names of the Appellant and 1st Respondent, and ask them jointly to nominate a Gumasta. If they do not agree to nominate a Gumasta, the Deputy Commissioner may himself nominate one with suitable arrangements for the payment of some maintenance to the widows. The adopted son is at liberty to establish his adoption in a Court of Law, and if he establishes it, his name may then be registered.

Appellant .. Mariyamma, wife of Akkannagauda of Hirekere, Molakalmuru Taluk.

Appellant's husband, who is still alive, was dismissed from the office of Patel in March 1891, on a charge of having failed to credit Rs. 5—1—0 paid by a certain individual till there was a complaint about it a month afterwards. Petitioner requests that the appointment may be registered in the name of her minor son Virappa, and her brother ordered to do duties for him.

2. There is no objection to the office being registered in the name of Virappa as requested and the Deputy Commissioner will be requested to register accordingly. As regards her other request that her brother may be allowed to do duties on behalf of the minor, the Deputy Commissioner will be requested to consider the matter and pass such orders as he may think proper.

Respondent bought in June 1891 Survey No. 40 (acres 2—3 assessed at Rs. 3—8—0) for Rs. 85 in a sale held for arrears of revenue due by Shanbhog Ramaiya. Appellant states that the land was hypothecated to him and requests that the sale may be cancelled, as it was made without his knowledge and purchased by the Respondent for a very small sum.

2. At the hearing, the parties entered into a compromise. The Appellant agreed to pay the Respondent Rs. 130 within 15 days from the 17th November 1892 and the Respondent agreed to receive the sum and allow the sale to be cancelled.

3. The Government accept the compromise. The Deputy Commissioner is accordingly requested to cancel the sale, if the Appellant pays the money in the Taluk Cutcherry *on or before* the 2nd December 1892. The money so paid may be made over to the Respondent.

No. 7278—P. F. 18, DATED 26TH NOVEMBER 1892.

ORDER THEREON.—The Government do not consider that the 12 guntas of land, mentioned by Mr. Appu Rao, can be included in the Kayamgutta village of Anepur. The piece neither forms part of the Kayamgutta village, nor was the plantation made before the settlement of the boundary dispute.

Appellant's father Narasimmaiya was the Shanbhog of Kasavanahalli, a Kayamgutta village held by the Respondent. He took leave in 1883, but when he returned in 1886, the Respondent refused to allow him to re-enter upon his duties as he embezzled certain collections made in the village. He appealed to the Deputy Commissioner who refused to interfere in the matter in 1887. He died in 1890. Appellant now claims the office. The Respondent is willing to give him the office, if he pays the money embezzled by his father and furnishes security for his good behaviour.

The Appellant's father admitted in writing that he embezzled Rs. 485 and promised to pay the money, but he having failed to do so, the Respondent obtained a decree against him for that amount, which remains unexecuted, apparently for want of assets.

3. Appellant's contention is that there is no connection between the decree and the office which is hereditary and that the appointment should be given to him.

The Government do not consider the contention to be valid. He must make good the money embezzled by his father. Until then, he cannot be allowed to claim the office. The appeal is dismissed.

2. The Mutchalika given by the Appellant shows that he "purchased the right of collection from 16th April 1890 to 31st March 1892 for 2 years." He has therefore no right to the collections made between 1st and 15th of April 1890. The appeal is dismissed.

Boranna and others of Sulekere, Arsikere Taluk, Hassan District.		Siddeganda and others of Chandlapur.

On the complaint of the Respondents, the inhabitants of Chandlapur, the Deputy Commissioner decided that 30 acres of Gomal land and 90 acres of assessed

waste or Hulbanni land of the Appellant's village, Sulekere, should be made over to the Respondents, as the lands of their village were insufficient for their cattle, and as they always grazed their cattle on the lands of Sulekere. The Appellants not having agreed to this arrangement, all the Hulbanni lands of Sulekere minus those given to Respondents were ordered to be sold in a public auction. They were accordingly sold by public auction, at which 126 acres were purchased by one Jogegauda of Chandlapur for Rs. 4—8—0, and no bidders having come forward for the remaining lands, they were ordered to be conserved on behalf of Government. The Appellants complain against the above settlement.

2. The areas of Gomal and Hulbanni lands and the number of cattle in both the villages are as shown below :—

	Number of Cattle.	Hulbanni or assessed waste.	Gomal.
		Acres.	Acres.
Sulekere	553	517	183
Chandlapur	197	12	19

3. Respondents have Patta lands in Sulekere to the extent of 92 acres assessed at Rs. 88—12—0.

4. So far as assessed waste is concerned, the Deputy Commissioner is competent to make any arrangement he may deem proper, and considering the small extent of waste the Chandlapur raiyats have, the decision of the Deputy Commissioner that 90 acres should be made over to Respondents is equitable and is confirmed. Appellants also stated at the hearing that they had no objection to the grant of Hulbanni lands to Respondents in the manner settled by the Deputy Commissioner. As regards Gomal lands, the Survey Department having assigned a separate tract for each village, the Deputy Commissioner had no power to disturb the arrangement made by the Survey Department, and his order transferring 30 acres to the Respondents is cancelled. Whether the Respondents have a right to graze their cattle in the Gomal lands of Sulekere in proportion to the Patta lands they possess in that village is a different question which is now under the consideration of Government and will be separately disposed of.

5. It does not appear that the sale of 126 acres of Hulbanni lands to Jogegauda has been yet confirmed by the Deputy Commissioner. If so, the sale may be cancelled, and the usual Hulbanni levied from the Appellants.

6. The report received from the Deputy Commissioner on the subject is at variance with the facts of the case elicited from the records and is misleading. More care should be taken in future.

Notice was given to the Appellant in March 1879 and although he promised to attend within a month, he did not do so, but brought a suit for the office in May 1891. The Assistant Commissioner who heard the case dismissed the suit, on the ground that there was no rule that the appointment should be given to the eldest son. This decision was confirmed by the Deputy Commissioner. The appeal is against this order of confirmation.

2. Although the Appellant is better entitled to the office than his younger brother, the Respondent, still, he having allowed the Respondent to hold the office so long, the Government do not think it expedient to remove him from office. But the Appellant or his son may, if duly qualified, have a preferential claim to the office when it becomes vacant. On this condition, the decision of the lower court is confirmed.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 3rd November 1892.

Letter No. 812—2, dated 14th February 1891, from the Deputy Commissioner, Bangalore District, reporting that a theft was committed in the temple of Champakadhamaswami at Bannerighatta, Anekal Taluk, on the night of the 18th January 1891 that the value of the articles &c., lost amounted to Rs. 40 and that under the spirit of the previous Government orders on the subject, he ordered the recovery of the amount from Ramachari, Archik of the temple, who had the sole charge of the property belonging to the Institution.

READ :—

Appeal Petitions Nos. 2098 and 685, dated respectively 15th January and 2nd June 1892, from Ramachari, Archik of the aforesaid temple, representing that property referred to was lost in the temple owing to the commission of burglary therein, he was not therefore responsible for the loss; that it is extremely hard that he should be called upon to make good the loss and praying that the order of the Deputy Commissioner may be cancelled.

READ ALSO :—

The following Memo, dated 14th October 1892, by the Muzarayi Superintendent, citing previous rulings on the subject :—

"MEMO."

"The following is the collection of authorities on the subject of the responsibility of the temple servants in regard to the loss of property occurring in temples":—

"In 1865 jewellery valued Rs. 3,188 was lost in the Temple at Nanjangud under circumstances indicating that it had been stolen; the suspected persons were placed before a Magistrate for trial, but owing to the defect in the evidence, the case fell through and the offenders were released, yet the then Superintendent of Ashtagram Division, Col. Elliot, in accordance with the ancient usage in the Province, directed the recovery of the value of the property from the temple servants according to the extent of their responsibility. This order of the Superintendent was upheld by Mr. Bowring, the then Chief Commissioner—*Vide* Chief Commissioner's letter No. 1234—37, dated 28th June 1866, and also Col. Elliot's letter on the subject attached to it."

ii. "In the Agastheswara Temple in the late Talkad Taluk, a series of thefts had occurred. In all these cases the late Chief Commissioner held that the temple servants should be held responsible for the loss of the property and directed its value being recovered from them rateably. In this order also the long existing usage is cited as an authority for the order—*Vide* late Chief Commissioner's Proceedings No. 682—66, dated 28th May 1879."

iii. "In 1866 a few jewels were stolen from the Temple of Narasimhaswami at Sreerangapatam and their value was, under the orders of the Amildar and the Sub-Division Officer, recovered from the temple servants and the Dewan confirmed the order of the local officers in the matter—*Vide* Proceedings of the Dewan No. 7316—132, dated 13th September 1890."

No. 51-60—MUZ. F. 26-92, DATED BANGALORE, 3RD NOVEMBER 1892.

ORDER THEREON.—The responsibility of temple officials to make good the loss of temple property is, of course, not a criminal one, but arises out of a rule of the Muzarayi Department which has long been in force. It is under existing circumstances a well-recognized condition of temple service. The Government, therefore, consider it would be highly inexpedient to relax the rule in question on the ground of individual hardship.

2. As ordered already in Government Proceedings No. 9533—310, dated 4th December 1891, the sum of Rs. 40, being the value of the jewels lost, should be recovered from Archik Ramachari and credited to the Temple Funds.
